OUR APPEAL TO YOU IS VERY SIMPLE

Simply put, what we do, depends on you. We’re asking you to become a Partner in Hope.

Children’s Hope has gone on in continual increase for 27 years, with no signs of stopping. It is no exaggeration to say it has created a positive impact on the lives of millions - in China, India, Vietnam, Cambodia in Asia, Ethiopia in Africa, Russia, Bulgaria, Kazakhstan in Europe, Guatemala and Colombia in South America, not to mention our thousands of adoptive families in the United States.

Since our beginning in 1992, 8,300 orphans have found homes, 8,000 extremely needy children have received heart and cleft-lip surgeries, 6,000 poor students have been sponsored to complete their education, Special needs orphans have been cared for in Alenah’s Home in Beijing for 17 years, A True Love Home for abused girls exists nearby. 50 Little Homes of Hope are thriving in major cities in China. More than 300 wells have been drilled and schools supported in India and Ethiopia. In Cambodia, the children and families of trash pickers in the sanitation dumps receive Godly social services and safe water to drink. All of this is just a part of what goes on continually.

I am grateful for serving in this mission for 27 years – and to continue as long as I have breath. I am also extremely grateful for the ongoing and increasing leadership and driving force of my esteemed colleague for all that time, the passionate and persevering Melody Zhang. I am asking for your support of her and all that she is leading Children’s Hope into. She wants only good for others and glory to God. What has been is wonderful. The Open Doors in front of us right now are amazing. Your tax-deductible one-time donation and/or your monthly sustaining donation will ensure that, together, we go through those doors.

**in CHINA**

**TRUE LOVE HOME**

is among the first of its kind in China. At True Love, young victims of sexual abuse receive shelter, counseling, vocational training and the message of God’s love for everyone.

**LITTLE HOMES OF HOPE**

maintain comfortable accommodations and the solace of God’s word for families while their children are hospitalized.

**ALENAH’S HOME**

provides physical therapy and medical care for children with Down syndrome, cerebral palsy and autism. We’ve updated both our equipment and staff in order to give these kids the best of care.
in INDIA

MOBILE MEDICAL CLINICS
bring doctors to villages where medical care is not available. Both children and parents benefit from the services provided by free clinic staff.

CLEAN WATER WELLS
are a vital need in Indian rural communities. So far, Partners in Hope have funded over 300 wells in India.

CHILDREN’S EDUCATION
is essential to the wellbeing of the world. Partners in Hope currently fund free schools where poor children receive uniforms, books, one meal daily and an excellent, Godly education.

SERVING THE POOR

James Sann, Partners in Hope’s representative in Cambodia, brings food, hygiene and the love of God to poor families living in the sanitation dumps of Phnom Penh.

IN JAMES’ OWN WORDS...

“Some days they don’t have enough money to buy food to feed the whole family. The parents made food for kids only, for the parents themselves they sleep with empty stomach. They hope tomorrow they can have more money to buy more food so they can eat too.”

“We try to help them all what we can. We want to see these people have enough food to feed their own family and also they can send children to school as well. But through our human wisdom, we can’t make that things happening. Only the power of God can change things to become good.”
