

Children's Hope
INTERNATIONAL

2021
Annual
Report

In 2021 we developed an increasing focus on making God known through social services in China, India, Ethiopia Cambodia and Myanmar. Melody worked with adoptive families in the USA and sympathetic supporters in China to establish the EverAfter program supporting our adoptees and adoptive families of special needs children.

Details for these ministries are presented on our newly developed website [Hope.world](https://www.hope.world).

The chart below details donation received in 2021 for use in these areas.

**\$47,115 donated for use
in China in 2021.**

At the end of 2019 and the beginning of 2020, the Chinese government ordered all private foster homes like Alenah's Home, to return all the orphaned children to government run orphanages. Our mission to give Homes, Health and Hope to Children in Need was affected but not diminished. We have shifted our attention to giving health and hope to children that do not live in our facility. It has also expanded to abused and older children in need.

We are working closely with long held and trusted relationships developed in the 38 years this ministry has been in China to take this mission to an even higher level.

Like everything in the world right now, a lot has changed. But nothing has changed in our passion to impact and bring positive change and hope to children in need in China.

We are committed to it more than ever and we are grateful to be partners with you in this mission.

In the past, we were able to help 8360 families adopt internationally, now we see our primary mission to help support adoptive families as EverAfter Friends. For the last several years, adoption has mostly been limited to children with special needs. Some of the world's greatest families saw the need, heard the call, and answered with their own lifetime commitment to adopt, love and care for these children. The **EverAfter Program** mission is to be there for them when needed. Children's Hope remains committed to helping our adoptees and adoptive families where and when they need us.

**\$65,156 donated for use
in India in 2021.**

MISSION TO THE NATIONS is our Hope International partner in India.

Director Pastor Paparao Yeluchuri writes:

"It's my privilege to serve in the coastal city of Kakinada, India. Located on the eastern side of India on the Bay of Bengal, Kakinada and the surrounding villages are home to more than one million people. Sadly, the long-held caste system of my country has reduced many to be of "no value." Imagine what it must feel like to be without hope. We are offering many the hope they so desperately need. Whether the audience is needy women and children, lepers, children in need of basic education, or those touched by sickness, our mission is to bring healing and hope. "

Children's Hope supports schools, medical clinics, vocational training and nutritional programs in India. Demonstrating God's love to people in the poorest villages.

**\$15,181 donated for use
in Cambodia in 2021.**

James Sann Puthree is our Hope International partner in Cambodia.

James reports:

"Some of my friends and I go to garbage dumps of Phnom Penh to visit the families who live amid the trash and debris from the city. The children must work hard at picking up trash each day so their families can sell anything of value. We bring food and teach the families basic daily living skills. Some don't even know the first thing about basic

skills to help keep their families alive. They don't know to boil the water before drinking it, how to use the facilities, how to brush their teeth. Basic things that will help keep them and their children from getting life threatening diseases. All donations that are received will go to helping buy food and medicine for the families living in the slums."

Children's Hope supports material aid and healthcare for families in the slums of Phnom Penh. CHI also sponsors James' mission to bring the Love of God to the children and their families

**\$25,535 donated for use
in Myanmar in 2021.**

Kevin and Julia Garratt and their Nation to Nation team are our Hope partners in Myanmar.

Kevin and Julia report:

"Our Nation to Nation team focuses on vulnerable conflict-distressed communities in Myanmar. Nation to Nation offers a powerful Christian hope message along with sustainable 'seed to market' solutions with coffee, soy, and clean water systems, they partner with nationals to make a lasting difference."

Children's Hope supports food, education and drug rehab programs in Myanmar. We also support the evangelism work of the Garratts, bringing the Word of God to the people they care for.

\$20,178 donated for use
in Ethiopia in 2021.

6,000 Children in Crisis Right Now in Ethiopia

Children's Hope is committed to specifically care for 600 children separated from their parents or orphaned through the continuing, terrible civil war now going on in Ethiopia. This is a genuine crisis that we can do something about. There are 600 children in Shire, Tigray (Northern Ethiopia) being housed in empty schools. 600 of the most needy have been targeted for care by Ethiopian believers, our partners, to meet the need.

HOPE EverAfter

**\$1,807 donated for the
EverAfter Program
in 2021.**

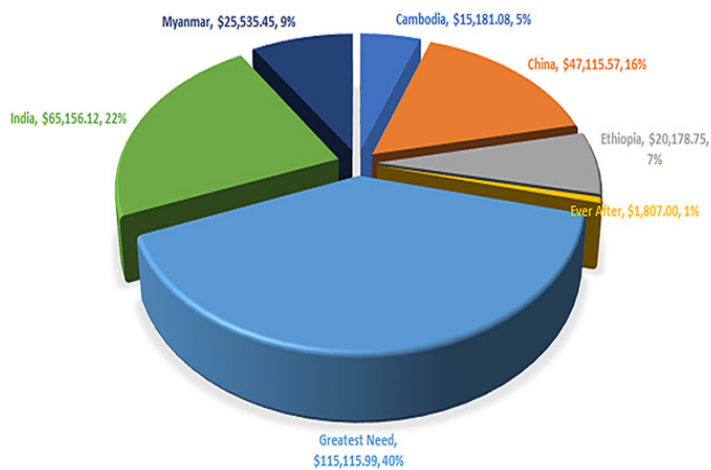

In the past, we were able to help 8360 families adopt internationally. Now we see our primary mission to help support adoptive families as EverAfter Friends.

For the last several years, adoption has mostly been limited to children with special needs. Some of the world's greatest families saw the need, heard the call, and answered with their own lifetime commitment to adopt, love and care for these children.

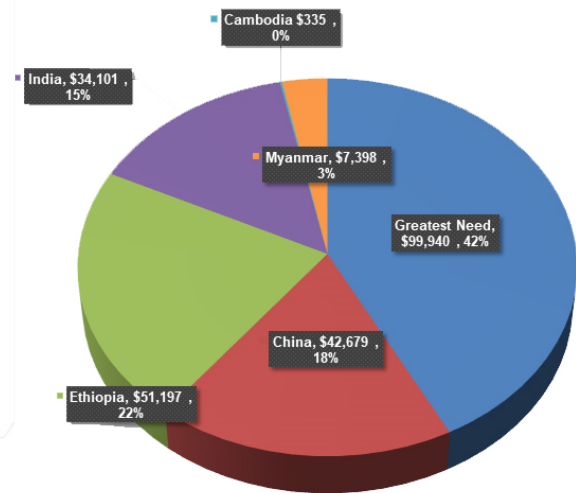

Children's Hope remains committed to helping our adoptees and adoptive families where and when they need us. This is the mission of our EverAfter program.
